Taking the last amount from the $592.75- leaves in my hands for distribution $358.55 as the $234.20 includes $31.00 paid to Mrs Shackelford and R McMillian it is to be deducted from the amount in order to get the distributive Share of each heir which leaves $203.20 and the amount taken from the $592.75- leaves $389.55 the actual amount for distribution before paying Allie Shackelford and R McMillen the above payment- Each heir is entitled to one fifth of this or $77.91 which is the distributive Share of each one having already advanced. Allie Shackelford $25.00 part of her distributive Share leaves me due her $52.91 which I have paid as shown by voucher #31. having advanced R McMillian Jr $6.00 on his distributive Share leaves $71.91 due him which I have paid as shown by voucher 32 the other three heirs not having received any part of their distributive Share there was left due them the hole amount thereof or $77.91 which I have paid as shown by vouchers Nos 33-34-35- all of which makes the $358.55 the entire funds left in my hands belong to said estate having paid these amounts to the representative heirs leaving nothing due by me to them and so far as I know nothing due to any creditor

And certainaly leaves nothing in my hands belonging to said Estate the suite brought by deceased against Dr Moore was pending at the time of his death Moore gained the case before the jury and I made a motion for new trial which was overruled Having no assurance that the Supreme Court wood reverse the judgement of judge Hutchins I set about to make the best settlement I could to get rid of this costley and troubaelsen case and this explains the Item of $70.00 paid to Dr Moore it being in settlement of the judgement for witness fees which he claimed amounted to over $100.00 and the cost paid cain accumulated in the case
the witness fees referred to as having been paid other parties was accrued in the wadkins case being witnesses for the deceased and the $5.00 paid to Johnson and Brown was for taking Interrogatories for two witnesses in that case
E S V Briant Esq still holds the note sued on in said case though I have an order from the alleged owner thereof for the same he threatens to still bring suit on this note as I regard it a forgery and do not believe he can ever recover on the same I have gon forward as will be seen by this return and distributed the entire funds in my hands this concludes my administration of this estate I have taken special pains and care in the administration thereof not only because of my duty under the law as Executor but on account of my high regards and esteem for the testator this return Includes the other Includes all my actings and doings as Executor of the will of the deceased and for the correctness and truthfulness of which the same is hereby sworne to and by me subscribed this 19 day of July 1897. The amount of $865 paid as per the above vouchers was paid in settlement and compromise of a claim some of the heirs held against the deceased one of his children died leaving certain property in his hands which they claim should be distributed among his heirs and this payments was made in setelment of said claims rather than to have a law suit

The real estate of the deceased was divided in kind and actual possession thereof given to the legatees as directed in the will with this exception 50 acres of the home place which was willed to the five Girls therein named was given by them to their Brother John King to sadisfy a complaint he was making and rather than to have a law suit with him which claim they did not recognize was just nor did they claim he had any title to under the will. Still it was given to him and deeds made accordingly to avoid a family quarrel and law suit and also the 100 acres of land which was not mentioned in the will and which was aquired by the deceased after he made said will was given and deeded for the same reason to two other brothers Viz: V.S. King and A J King a surveyor was employed and the shaire of each one of the legatees under the will in the real estate was divided and marked off by agreement among themselves and deeds made to each one by all the others which disposition of the real estate was final so fare as Respondent is concerned and he has not had any thing to doe with the same since each legatee and the three brothers who were given the land above mentioned. being put into possession of each one's part by Respondent no commission has been charged for delivering said land in kind and the Ordinary is herby respecfully requested to allow respondent compensation for such service Respondent has been put to a great deal of trouble in dividing up and parcling out the same and in winding up the estate especialy in regard to the land on account of the complaint made by some of the parties and he therefore asks that an order be passed allowing him the full amount allowed by law for delivering in kind the real estate of said deceased according to the appraisers value of the same

V.S. King and A J King A Surveyor was employed and the share of each one of the legatees under the will in the realestate was divided and marked off by agreement among themselves and deeds made to each one by all the others Which disposition of the real estate was final as far as Respondent is concerned and he has not had anything

Leaving a balance Due the Administrator of
When the Administrator took Charge of this Estate
All the property alleged to belong to the estate was
held adversly by other parties he attempted to get
possesion of the property without litigation but
this he failed to do It therefore became necessary
to file Suits for the property in Cobb County which
he did bringing Suits in Ejectment therefor
The Suits was filed by his Attorney C H Brand
who went with him in person to powder Springs
to investigate the Interest of the estate there
And also he made a trip to Marietta Ga
And there employed Council to assist him

On Bringing the Suit filed in the Supreme court of
That County against Said Kemp and Lindley for the
Recovery of Said property Said Brand paying E M Reay
The associate Council in That County out of his
own pocket for his Services as well as paying his own Expenses
on both of Said Cases
Said Suit was finally Compromised and Settled
The Administrator taking an estimate Value of
Said property in Lieu of the property itSelf The
Appraiser estimates The Lindley property at $4000
The administrator Settles on this Basis for the
piece of property taking the appraised value thereof
The Appraiser estimates The Kemp property at
$1400 00 And The Administrator Settles with Kemp
for the Appraised Value Receiving however Only
$200 00 because the title to this property was in
Partridge and his Wife jointly while the title to
The Lindale property was Solely in Partridges wife
The Administrator tried to recover possession of the
Horseross property he made diligent Efforts and repeated
visits to Horseross to obtain Sufficient proof to
Authorize him to recover this property he believes
That his Intestate had an Interest in the Said
house and lot in Horseross but he never was
able to procure Sufficient proof to recover The Same
Every effort he made towards obtaining proof to
Establish The claim of his intestate to This property
or Some Interest Therein he was met with Stubborn
resistance and Opposition not only on The part
of Martin and Johnson who hold the absolute
titles to The Same but also F R Partridge The
Husband of The Deceased himself vowing and
affirming time and Again That his wife
had no Interest in The Same whatever
and The Suit had to be virtualy Abandoned
but in The General Settlement between Kemp
Lindley and The Administrator The case was
Then Disposed of adversely to The Administrator
The Administrator regrets That This Estate
has been So Expensive but it could not be
Avoided because he had no help from any
Source whatever except his Council to recover any
of The property The Children knew nothing about
it nor could Give The Administrator any
Information none of her relations could or did
Assist him in any way Since The Husband

was bitterly opposed to the Administrator Getting of or recovering any part of the property and he Submits that if this administration had not been had and vigorously prosecuted by him the children would not have received a dollar of their Mothers estate whereas the administrator turned over to their legally Constituted Guardian $733.33

The facts set fourth in the foregoing return are true and correct Sworne to before me this 27nd day of Sept 1899 John M Mills.

tract of land near Bethlehem Ga in part
payment of Said note Said land being valued
at $950.00 respondant Also Sold a tract of land
in Gwinnett County to W B Patrick for $1100.00
and took note for the purchas money of Same
and has collected on Said note $997.81 The Cash
collected of The Sales of above real estate
are accounted for in The receipts of This return
at The time Nim Perry one of The Legal heirs
of This Estate arrived at The age of Majority
respondant Settled The $2000.00 Going To him

at said time as provided for in said will by deeding him a certain tract of land known as the of T Kerry place Gwinnett County Ga taking his note for the amount in excess of the $2000.00 to wit $1000.00 respondent also sold a house and lot in Carl Ga known as the of G Muborn place but since that time has purchased the same now the title is in executrix as though no sale had never been made consequently it is not necessary to make any note of the purches price of either sale in this return respondent submits that since making last return she has borrowed devers somes of money which was used in liquidating the encumberance of said estate as accounted for by vouchers in this return wherefore she deems it unnecessary to make any account of such loanes. Since making last return of said Estate it has not been the intention of respondant to make any further return of said estate it being the suggestion of counsel at the time of making said return that it would not be necessary to make further returnes but respondent decided that it would be better for the general sadisfaction of all concerned to make this return including the years above indicated and it is now the intention respondant not to make further returns of said Estate from the fact that by the time another return could be made including 1899 and 1900 respondant hopes to have said estate entirely relieved of all encumberances and the common intent of testators will being that respondent should take charge of said estate relieve it of said incumbrances after which same was to become hers during her life or widowhood respondant in making this return dos not give any account of buisness transacted in said Mercantile firm as above referd to from the fact that the proffits from said buisness are and have been accounted for the returns of said estate under the head of receipts respondant also has some notes in her possession at present of said firm which so fare as the interest of said Estate is concerned is regarded by her and treated as part of said estate
