The foregoing return is in full of all money coming in to my hands from the death of the testator to Jan 1 1903. under the will every thing was to belong to M A McDonald during her life for her support and in the event the rents and profits of said Estate amounted to more than a support for her support is to be expended on improving the farm or divided among the heirs I have tried to allow my mother M A McDonald to madge & controled said Estate as fare as she desired and to rents or money arising from the sale of stock and not in any way require her to account or report the same to any one some of the rents and some money arising from the sale of stock was paid to her also the money on hand

at the death of my father was turned over to her and never through my hands and I make no report of same. my father never during his life limited her and from his will it is clear he intended for her to have ample support and not to be restricted in using the same so I have alloud her to collect any of the proffits due the Estate when she desired and spend the same for her own or the estates benefit and not require her to account to me for same to have done so I am satisfied would have been in conflict with the intention of the will and its maker and she has never shown any disposition to be Extravigant but is careful and Econmises in the use of money

Georgia
Gwinnett County. } Personally Came F F Jehan Admr de bonis Non. with the will annexed who on oath says that the foregoing return is as near, substantially correct as he has been able to make, showing the condition of the Estate at the date of the death of his predecessor the late L F McDonald Executor, That the present Admr found the papers relating to the Estate in great confusion and indiscriminately mixed up with hundreds of deceased private letters and business papers. That he has been unable to find any vouchers for the credits given in this return but took them from deceased's memorandum made by him on the 1st day of Feby 1905 about 2 days before he left home for Florida where he only lived a few days. I have carefully and fully examined his two former returns in which he filed but few vouchers when he made the returns. I have hunted up and find few vouchers to cover the principal sums paid out by him, which vouchers. I have with

returns but few and request that they be entered upon the records with this return with a Note of Informa entered on his former returns, but few of them Correspond to the credits. This I think is owing to the fact, that only a part of a Claim was paid at one time and Checks were given in part payment, and I fully believe that Bro McDonald the Executor has fully accounted to the Estate for every dollar that he received of the Estates funds and the con= -fused Condition of the Estate was owing to his very ill health for at least 12 Months before he died. Sworn to and subscribed before me This 25 January 1906. F F Durham

Statement:

Col J M Peeples was, up to his death, the attorney for the Administrator, and as such kept on deposit in the Bank of Lawrenceville, as such Attorney, for the Administrator, such Cash as came into the hands of the Administrator, When the land was sold which brought $1,500.00 by agreement with the purchaser, only $500.00 was paid down, When Col Peeples went to put the Money in bank he discovered that a Mistake had

been made and that only $495.00 had been paid. When this fact was brought to the attention of the purchaser. the purchaser agreed that he would pay the $5.00 referred to. When later the balance of $1000.00 was paid by the purchaser said $5.00 was paid to said Attorney, That $5.00 is missing and cannot be accounted for said Attorney having since died, unless he retained it for additional services rendered in some way. When the Administrator called on the Bank of Lawrenceville, after the death of said Attorney, to find out how much money was there on deposit to the Credit of said Attorney, he was informed of the amount, but that also appeared to have been drawn on by Check of said Attorney for the sum of $30.00. This has not yet been accounted for, but may be later, as there is among the assets of said Peoples a note for $30.00 drawn in his favor by W W Cannon, and upon investigation it may appear that said Note represents said Check. Should it so appear, when Collected by the Administrator same will be paid over to the sole heir of the deceased T. W. Wilkins and an account thereof rendered to the Ordinary
