ADOPTION

NOTICE TO BIOLOGICAL FATHER

TO: Anthony Perez or any male claiming to be the biological father of G.N.M. who was born to Cristina E. Rossi in Fulton County, Georgia on December 2, 2011. The mother has consented to her husband's adoption of this child in the State of Georgia, and the Petition for Spousal Adoption is pending in the Superior Court of Gwinnett County, Georgia. Be advised that you will lose all rights to the child and will not receive notice nor be entitled to object to the adoption unless within 30 days of your receipt of this Notice you (1) file a Petition to Legitimate the child complying with the provisions of the Official Code of Georgia, §19-7-22 (and in accordance with the ruling of the Supreme Court of Georgia in *Holmes v. Trawick*, 276 Ga. 296 (2003)); (2) provide notice of the filing of your Petition to Legitimate with the Adoption Clerk, Superior Court of Gwinnett County, 75 Langley Drive, Lawrenceville, GA 30046, Case No. 22AD034-3, in accordance with the ruling of the Supreme Court of Georgia in *Holmes v. Trawick*, 276 Ga. 296 (2003); (2) provide notice of the filing of your Petition to Legitimate with counsel for the Petitioner: Lila Newberry Bradley, Claiborne Fox Bradley Goldman LLC, 5256 Peachtree Road, Suite 195, Atlanta, GA 30341, 404-442-6969. 901-67085 4/13,20,27,2022

IN THE SUPERIOR COURT OF GWINNETT COUNTY STATE OF GEORGIA

IN RE: ADOPTION PETITION OF Delanio Amandez Taylor PETTIONER

TO: LaBride Brown

ADOPTION CASE NO.: 22-AD-00030-7

NOTICE OF PUBLICATION

By Order for service by publication dated the 22nd day of March, 2022, you are hereby notified that on the day of February 18, 2022, the above styled Petition for the adoption of an unnamed boy born on the 17th day of December, 2011, and/or for termination of your parental rights was filed. You are further notified that the foregoing petition names you as the biological father of said child. As such, you are hereby advised that a hearing will be held on the 7th day of June 2022 in Courtroom before the Honorable Tadia Whitner, Judge Gwinnett County, Georgia to determine why the prayers of the petitioner should not be granted.

All parental rights you may have with respect to said child will be lost, and you will neither receive notice, nor be entitled to object to the adoption of said child unless, within thirty (30) days of receipt of this notice, you (1) file a petition to legitimate the child pursuant to O.C.G.A. 19-7-22 and/or (2) file with the Clerk of Superior Court Gwinnett County and serve upon plaintiff's attorney Crystal S. Wright, Esq., 363 West Pike Street, Suite 201, Lawrenceville, Georgia 30046, an answer in writing and make known other such objections you may have to the adoption of such child.

Witness the Honorable Tadia Whitner Judge of this Superior Court.

This the 23rd day of March, 2022.

ADVERTISEMENT FOR BIDS

Sealed bids for the "2nd Avenue @ Broad Street Drainage and Paving Improvements" Project will be received by the City of Decatur at Decatur City Hall - 442 Harbors Road, Decatur, GA 30019, until **3:00 PM local time on May 18, 2022**. Any bid received after said time and date will not be accepted by the City.

The Contract Documents, consisting of Advertisement for Bids, Information for Bidders, Bid Proposal Form, Form of Agreement, Drawings, Specifications, Bid Forms, Bid Bond, Performance Bond, Payment Bond, Bidders Qualifications Forms, and other Contract Documents may be examined at **The Bowman Consulting Group, LLC (Bowman)**, 4174 Silver Peak Parkway, Suwanee, Georgia 30024. Contact: Kevin D. Whigham, P.E. (770) 932-6550 email: kwigham@bowman.com.

All Bidders must be registered with Bowman to assure that Bidders receive all addenda and/or clarifications to the Bid Documents in a timely manner. It is highly recommended that all bidders obtain at least one complete set of Bid Documents directly from Bowman. Entities that do not obtain Bid Documents from this source will not receive addenda and/or clarifications. Bidders relying on plan rooms or other services to obtain Bid Documents, rather than obtaining them directly from the source are doing so at their own risk. Copies of the Documents and specifications will be provided in Electronic Format and can be obtained by contacting Bowman to be placed on the Bidder's List. Electronic Copies will be made available on Bowman TIP website or sent by email at no charge. If hard copies are required, there is a non-refundable cost for each set of plans and specifications of \$150.00 (cash or check).

A. BASE BID - The Work to be completed for this Project consists of furnishing all labor, materials, earthwork, construction operations, details, supervision and coordination of all trades, utility suppliers, governmental inspections and approvals to complete the construction, installation, and coordination for the City of Decatur, 2nd Avenue @ Broad Street Drainage and Paving Improvements' Project as follows:

The scope for the 2nd Avenue @ Broad Street Storm Drainage and Paving Improvements includes fine grading a new drainage swale along Broad Street end of existing building that

ADVERTISEMENT FOR BIDS

fronts 2nd Avenue. The new swale being located between the existing sidewalks along the building and Broad Street. Stormwater drainage along this swale will be picked up, routed, and discharged into a new 18" RCP pipe that will be installed within the parking area along 2nd Avenue from the existing downstream 18" storm pipe. This will allow a primary stormwater system tie-in near the corner of 2nd Avenue and Broad Street. With this new primary system tie-in, a proposed 12" HDPE secondary drainage system will be installed along Broad Street right-of-way to provide stormwater discharge. The secondary drainage pipe and yard inlets will be installed to collect stormwater within the wale and route it to 2nd Avenue so that it does not pond and wash sediment in front of the existing buildings at the corner of Broad Street and 2nd Avenue. A new brick retaining wall and columns that will match the existing brick wall along 2nd Avenue will be installed to retain soils from the swale and prevent stormwater from washing onto the existing sidewalk adjacent to the buildings. Miscellaneous items such as handrails at existing steps, concrete pad @ existing grease trap, and header curb at upstream driveway are also included within the drainage scope of the Project.

The second location for storm drainage repair is located down 2nd Avenue adjacent to the vacant lot located between the existing buildings. Storm drainage enters a deteriorated clay storm drainage pipe at the low point in the vacant lot adjacent to the existing sidewalk. To address this storm drainage issue, the existing pipe and sidewalk will be removed from the pipe entrance at low point down to existing curb inlet in parking area along 2nd Avenue. A new pedestal top weir inlet, 18" RCP storm drainage pipe, curb inlet, and sidewalk will be installed to address this issue. The proposed 18" RCP storm pipe will be installed underneath the existing brick decorative wall. Contractor shall protect existing brick wall from damage while installing new storm pipe. Also, a new handrail will be installed to correct a safety issue so pedestrians do not fall off sidewalk at the existing low point area adjacent to the sidewalk.

The paving scope on 2nd Avenue will consist of 6' Deep Patch Milling to repair alligatoring and deteriorating asphalt in center of road; then 2" milling over remaining areas of the street and parking from Broad Street intersection to the limits of new paving where Gwinnett County ended their previous pavement repair project. Once milling is complete, apply tack coat over existing pavement at deep patch areas prior to installing 3.5" of 25 mm Superpave Asphalt Binder Course in deep patch areas. Then apply a second tack coat prior to installing 1" of 'D' Mix Asphalt Binder Course and 1-1/2" Type 1 'F' Mix (9.5 mm) Asphalt Surface Course. All new pavement repair shall have smooth transition with adjacent existing asphalt. Contractor shall then re-strip 2nd Avenue to match existing conditions including parking lot striping.

The Alley behind 2nd Avenue Building Lots 10 - 13 off of Wilson Street will be regraded and improved to prevent stormwater from discharging into the back of the buildings in order to address property owner complaints. A new junction box storm inlet will be installed over the existing 15" HDPE pipe on the east side of Wilson Street. This will allow for a new 15" RCP pipe to be installed to cross under Wilson Street. A new Grate Inlet Storm Structure will replace the existing grate inlet at the rear corner of the existing Lot 13 building. Once this is complete, a new 12" HDPE secondary pipe system and yard inlets will be installed along the rear alley to pick up stormwater from the upstream areas.

All disturbed areas will be permanently graded with Bermuda Sod. Removal of all vegetation and trees within limits of work shall be included in Contractor's overall Bid unless otherwise illustrated on the drawings. Private access to streets and traffic driveways shall remain open at all times.

All earthwork quantities for grading, pipe bedding, and backfill whether haul-in or haul-off are the responsibility of the Contractor to include in their Lump Sum Bid in order to complete the Scope of Work at no additional cost to the

ADVERTISEMENT FOR BIDS

Owner. All quantities and measurements are approximate. Contractor shall visit the Site and determine his own quantities for bidding this project.

Contractor shall include in their Base Bid all costs for adjusting and relocating any water and gas services lines, meters, or valves impacted by new storm line installation in order to complete the scope of work as described by the Contract Documents and Drawings. Contractor shall coordinate with utility companies and relocate utilities as required to install new improvements. Contractor must be qualified with Gwinnett County in order to perform water line installation, relocation and repairs.

One lane of traffic and access to residential/commercial driveways must be maintained at all times. Traffic Safety devices such as signage, barricades, etc., and the protection of the public-at-large, and the Contractor's personnel is part of this contract and is the Contractor's sole responsibility. The Contractor will have Ninety (90) consecutive calendar days from the 'Notice to Proceed' to finish and complete the project.

All materials and appurtenances required to complete this Scope of Work is the responsibility of the Contractor and shall be provided in his overall Bid. The Contractor must be an approved Contractor of the City of Decatur and/or Gwinnett County. A complete list of materials should be included in the Contractor's overall Bid.

Bidder will prepare Asphalt prices for bid based on the current GDOT Asphalt Cement Price Index listed at the time of bid opening. The successful Contractor's pay request will list the current GDOT Asphalt Cement Price Index at the time of purchase. The difference in price between the GDOT Asphalt Cement Price Index at bid and at purchase will address this issue. The proposed 18" RCP storm pipe will be installed underneath the existing brick decorative wall. Contractor shall protect existing brick wall from damage while installing new storm pipe. Also, a new handrail will be installed to correct a safety issue so pedestrians do not fall off sidewalk at the existing low point area adjacent to the sidewalk.

Additional items within Scope of Work

A. A site visit must be made by Contractor and subcontractors to determine the exact nature and scope of the work to be done. Contractor is responsible for hauling off all demolition materials (existing pipe, concrete, asphalt, etc.) to a State approved disposal facility at no additional cost to the Owner. Contractor shall tie in and feather new asphalt into existing asphalt so that there is a smooth transition.

B. If any unforeseen sub-grade conditions arise the Contractor shall immediately notify the Owner and/or Owner's representative before proceeding with any work to determine the course of action. The Contractor shall have a Geotechnical Engineer (who will be selected by the Contractor and approved and paid for by the Owner) qualify and quantify the areas and determine the method of sub-grade repair in coordination with the Owner and/or Owner's Representative on a case-by-case basis.

C. The limits of work for this project are limited to that area within the right-of-way of City of Decatur in order to perform the paving and storm sewer drainage pipe and structure installation as described by scope of work in the Contract Documents.

D. Contractor is responsible to locate horizontally and vertically all existing utilities within limits of disturbance and protect throughout duration of project. Utilities which are present include water, gas, electrical, CATV, AT&T, etc., but may not be limited to these within the limits of disturbance.

E. Contractor shall provide temporary Metal Plates to cover road or completely backfill and compact excavated areas at end of each day to allow vehicular access when construction crews are not present and working.

F. Contractor shall visit Site to determine if any built items need to be removed, reinstated, or replaced in order to complete scope of work (ie. existing brick wall). This shall be included in Contractor's overall Bid.

ADVERTISEMENT FOR BIDS

G. Contractor shall have a Site Superintendent on-site at all times while work is in progress to monitor, direct, and control construction activities. Superintendent in-charge shall be available to City, Engineer, and adjacent property owners to answer or direct questions concerning the project.

Owner reserves the right to waive any informalities and any technicalities, and to reject any or all bids. There will be a Pre-Bid Conference at Decatur City Hall, 442 Harbors Road, Decatur, GA 30019 at **3:00 PM local time on April 27, 2022**. All bidders are strongly encouraged to attend this conference. Owner reserves the right to waive any informalities and any technicalities, and to reject any or all bids. All questions concerning this project shall be submitted in writing by email to Bowman (Owner's Representative - Kevin D. Whigham, P.E.) 4174 Silver Peak Parkway, Suwanee, Georgia 30024, phone number 770-932-6550, email kwigham@bowman.com no later than **May 11, 2022 by 5:00 PM**.
