Rule Absolute,

A rule Nisi having been granted in the above case calling on Leslie A. Wood Deputy Sheriff, to shew cause why he should not pay to the plaintiff the amount due on the above fifa - and he having failed to shew any sufficient cause, It is ordered by the Court pay off the principal interest & Cost to the plaintiff, or his Attorny due on said fifa.

N. L. Hutchins
vs
George W. Brownlee

Rule Nisi. In Gwinnett Superior Court.

And for answer to said Rule Nisi Leslie A. Wood Deputy Sheriff, says that the said fifa was placed in his hands by Henry Allan Sheriff. that soon after, he applied to plaintiff for instructions as to what he should do with it. He (Plff) told him to go and levy it upon the crop and negroes of defendant & if he could not come at the negroes to levy it on his defendants hogs & horses, but the plaintiff did not point out any negroes specially, that is by name number, or description. Nor did he specially point out other property in such manner.

He further says that soon after that to wit on the 28th day of October 1857 he went to search for such Property of defendant, that he found the defendant a single man living in the family of his Mother Mariah Brownlee in said County. That he searched for and could find no property in possession of defendant except a lot of Corn, Cotton fodder & Shucks - which was on the premises where they lived & which he was informed the defendant had an interest that he levied upon that and his said Mother filed her claim to three fourths thereof, which claim he has duly returned into Court. That Mrs Brownlee his (Defts) Mother has some negro slaves of her own and some horses and other property which were on the premises when he first went and which is, as he was informed after making an enquiry in the neighborhood her own Property and in her own possession.

That defendant pointed out to him the tract of land on which said family resided to be levied upon under said fifa, & informed him that it was subject thereto and which he thinks is of sufficient value to pay said fifa. that he told Plaintiff that defendant had pointed out said tract of land, and the plaintiff instructed him not to levy thereon or he should have levied as requested by defendant on said tract of land. And that he has made due diligence to execute said fifa and levied upon all the property he could find of, or in the

To the Honorable Inperion Court of said County —

The petition of the undersigned respectfully showeth that your petitioners conceive the convenience of the travelling public and of the people of the neighborhood will be greatly promoted by the establishment of the east landing of the old Narsaw Ferry on the Chattahoochee river in said County, a few feet higher up the said river and opposite the mouth of the lane on Madison L. Senior's land leading from the first hollow east of the South west corner of his lot of land number three hundred and twenty five direct to said river; and by the establishing, and by the establishing said lane as a public road in lieu of the road leading from said hollow to the present landing; This old road road having been fenced up and completely obstructed by Evan Howell, and

who has and does refuse to keep up the old Warsaw Ferry.
Therefore your petitioners pray the passing of an order by said Court, appointing Commissioners to review said roads, and report on the first Monday in July next relative to the practicability and utility of said change &c

The undersigned appointed for and the purpose of reviewing the road petitioned for by M. L. Senior T. J. Waters and others Commencing at the first hollow east of the South west Corner of said Seniors lot of Land No. 325. thence along a lane direct to the Chattahoochee river above the line between Evan Howell and M. Gwinnett County } To the Hon Inferior Court of said County
Whereas the road running from near my house by the mills of Robert J Bagwell on the Yellow river and intersecting the McAfee Bridge road near the house of Samuel Peden has been a road from time immemorial is a mill road and otherwise an important passway for a large number of citizens to Bagwells mills & Card Factory and in fact the only passway from near Lawrenceville to 8 miles along the Atlanta road towards that part of the County northwest of the Poor House And it having come to my knowledge that some steps are being taken to obstruct or fence up said road. Wherefore I respectfully petition your Court that commissioners be appointed to examine said road and report the utility & propriety of having said road be kept open & established a private settlement way

Whereas by the power vested in the Inferior Court of said County to purchase and procure supplies for the families of soldiers and the destitute of said County in the execution of which it is obligatory upon said Court to secure the same be make purchases thereof in middle & Lower Georgia (the same not to be had in said county, or any other section of or near the same) which supplies have to be shipped by Railroad to Stone Mountain in De Kalb County a distance of some sixteen miles from the General Depot for the County first aforesaid at which point and other places the supplies have to be sent and such is the destitution in said County from the drouth absence of labor &c that the supplies so shipped are immense so much so that it is made the duty of said Court to employ many teams when it can be done to have the same brought from said Mountain to the General Depot and other point in said County said Court has often found great difficulty before the farming season to get the necessary number of wagons & teams since which time they find it impossible to get them thereby causing a failure on their part to supply the destitute And if this state of affairs last much longer there will with a great many be inevitable starvation The Court have used all the means in their power to prevent this state of affairs but all to better purpose besides the hauling of said supplies to said Gen. Depot it is made their duty (from the extreme poverty of a great many of the families) to ship said supplies to parts of the County, more convenient to them to the mills &c the only means many of them have for getting the same is to carry it on their backs to do all of this it requires additional teams which they (the Court) will fail to get because the stock of the county is scarce every one using what he has for agricultural purposes and there is no person who is not subject to military service can be procured who can furnish a team all the exempts from such duty refusing to do such work. In view of the foregoing facts said Court do most respectfully ask and petition that Nathan Robinson & John A Ellis of said County be exempted or detailed for the purpose of hauling or conveying said supplies from and to any part as may be directed by the Court Mr Robinson is an honest & sober and industrious man attentive to his business he has a large family dependant on him for support a wife and seven children all of his children girls besides if he was taken away his family would be in a suffering condition he has been in the regular Confederate

service for twelve months and was honorbly discharged Mr Tullis is an invalid afflicted with Dropsy under which he has labored for the last six or eight years much of the time since then he has been unable to do any work in the farm and we are also informed that he can do but little now he is a steady sober and reliable boy that he is only seventeen years of age in March last and that he is in our opinion wholly unfit for military service but can & will perform the duties for which we ask his detail. For all of the foregoing the court most respectfully ask that Mr Joseph W. Mitchell of said County be also detailed for the purpose aforesaid he is a boy of good moral character sober and industrious he having a good team and that these are the only persons upon whom the court can rely on to do said hauling
